

# CERTIFICATE OF PRIVACY COMPLIANCE INITIATION

---

---

**ISSUED TO:**

**Example Corp**

**DATE:**

January 15, 2026

---

## STATEMENT OF GOOD FAITH EFFORT

**THIS DOCUMENT CERTIFIES** that the organization listed above has initiated a technical privacy compliance audit utilizing **ScanComply's** automated scanning tools and manual expert verification based on **GDPR, CCPA, and comprehensive US state privacy law** standards.

The organization has received a **Privacy Compliance Action Kit** identifying privacy gaps and remediation steps. By initiating this assessment and possessing the technical specifications for compliance, this organization demonstrates a proactive commitment to:

- **Data Protection Best Practices**
- **GDPR Article 5 Compliance Principles**
- **CCPA/CPRA Consumer Rights Protection**
- **US State Privacy Law Compliance (13+ states)**

## SCOPE OF CERTIFICATION

This certificate verifies the **initiation of the auditing process** and the delivery of technical remediation steps. It serves as internal documentation of the organization's "Good Faith Effort" to identify and resolve privacy compliance gaps.

## VERIFIED BY

ScanComply Privacy Compliance Team

*DISCLAIMER: This certificate verifies the initiation of an automated and manually-verified technical assessment and the receipt of remediation guidance. It does not constitute legal advice, nor does it guarantee full immunity from regulatory action or legal claims. Full compliance is a continuous process that requires the implementation of the provided remediation roadmap and verification by qualified legal counsel.*

**This is a sample.** The certificate above shows the format and language of the document delivered with the Privacy Compliance Action Kit. Actual certificates are issued only to customers who have purchased the kit and had their site manually reviewed by ScanComply's privacy team.
